Explanation - Amendment #1: The sponsor and the Montana Chamber of Commerce agreed on the amendments to strike the words "easily produced" and the first use of the words is stricken on line 22 but the words were missed on line 24. This amendment fixes that oversight.

Amendments 2 and 3 - The sponsor wanted an employer-opened social media account also to be excluded from the term "personal social media", as educational accounts are excluded. These amendments will read (with current language as the lead-in phrase and (i):

(b) The term does not include a social media account that is:

(i) opened for or provided by an educational institution and intended solely for education purposes; or

(ii) opened for or provided by an employer and intended solely for business-related purposes.
